East Chicago press clips**US EPA Region 5 – prepared by the Office of Public Affairs****November 30, 2016**<https://www.nrdc.org/onearth/flint-east-chicago-there-was-smeltertown>**Before Flint, Before East Chicago, There Was Smeltertown**

After a 1970s CDC study showed that the mostly Mexican-American population of this Texas town had dangerously high blood lead levels, its buildings were demolished and its residents were booted.

Sincerely,
